

✓ Personal, Local, Trusted

✓ Tailored Protection

✓ Clear Security Roadmap

Fleenor Residential Security Assessment™

➔ Step 1: Personal Consultation

UNDERSTANDING WHAT MATTERS MOST

We start by listening to your specific security concerns and understanding how you live. Our local security experts take time to learn about your family's unique needs. We'll discuss what keeps you up at night, from ensuring your teenagers get home safely to protecting valuable possessions while you travel.

What We'll Discuss:

- ✓ Daily schedules and family routines
- ✓ Specific security concerns and past incidents
- ✓ Critical areas requiring protection
- ✓ Access needs for family members and visitors
- ✓ Package delivery and visitor patterns
- ✓ Budget priorities

➔ Step 2: Complete Property Walkthrough

PROFESSIONAL SECURITY EVALUATION

Our experienced consultants evaluate your property inside and out, identifying vulnerabilities you might never notice. We know the unique challenges of our region, from seasonal vacation patterns to neighborhood-specific considerations. This thorough assessment comes from professionals who understand that every home has different needs.

What We Evaluate:

- ✓ Entry points and perimeter security
- ✓ High-value areas requiring extra protection
- ✓ Visibility from street and neighbors
- ✓ Outdoor lighting and landscape factors
- ✓ Existing security measures
- ✓ Garage and storage area security
- ✓ Safe zones and emergency planning

→ Step 3: Custom Solutions Planning

PROTECTION DESIGNED FOR YOUR FAMILY

We create a personalized security plan that fits how your family actually lives. We focus on smart, practical protection that makes sense for your home and budget. Our recommendations balance comprehensive security with daily convenience, ensuring protection enhances rather than complicates your lifestyle.

Your Custom Plan Includes:

- ✓ Priority areas for immediate protection
- ✓ Layered security approach for complete coverage
- ✓ Smart home integration options
- ✓ Professional monitoring benefits
- ✓ Family-friendly system operation
- ✓ Future expansion possibilities

→ Step 4: Clear Recommendations

YOUR SECURITY OPTIONS, SIMPLY EXPLAINED

We present our findings in plain language, showing you exactly what we discovered and why it matters. You'll understand what we recommend and how each element protects your family. Our transparent proposal includes clear pricing and multiple options to fit different budgets. You'll have direct access to a local security consultant who can answer all your questions.

What You'll Receive:

- ✓ Clear explanation of vulnerabilities found
- ✓ Prioritized security improvements
- ✓ Straightforward equipment options
- ✓ Transparent pricing for equipment and installation
- ✓ Monthly monitoring options
- ✓ Direct access to your security consultant

→ Step 5: Your Decision, Our Support

LOCAL PARTNERSHIP YOU CAN TRUST

Whether you start our recommendations immediately, phase them over time, or keep our assessment for future reference, you'll have valuable insights about your home's security. If you choose to partner with us, you're gaining a local team that knows our community and responds quickly when you need us. Our trusted professionals will handle your installation and be there for ongoing service and support.
